
7" Plastic Deck/Masonry Brush - Union Fibre

7" Masonry Brush with union fibre bristles is ideal for cleaning decks and mortar from various surfaces. The bristles are set into the plastic block so they won't fall out.

This handy utility brush is made with union fibre bristles, a combination of Tampico and rugged Palmyra fibres, set securely in a sturdy plastic block. The combination of medium-stiff Tampico and stiff palmyra fiber makes this brush ideal for a wide range of scrubbing applications. Use this professional grade tool to scrub away dirt and debris or apply water-based masonry paints to the exterior painted brickwork or render. Combine this brush with a [Metal Threaded Wood Handle](#) or our [Hex Metal Handle](#) and get you'll be ready to tackle the cleaning of any rough wall surface.

Product Features

- Made with natural union fibre (half Tampico, half Palmyra) bristles

- Sturdy plastic block
- Compatible with threaded handles
- The natural fibres resists high heat
- Durable, professional grade tool
