

## 7" Masonry Brush - Union Fibre

7" Masonry Brush with union fibre bristles is ideal for cleaning mortar from various surfaces. The bristles are set into the plastic block so they won't fall out.

This handy utility brush is made with union fibre bristles, a combination of Tampico and rugged bassine fibres, set securely in a sturdy plastic block. Use this professional grade tool to apply water-based masonry paints to the exterior painted brickwork or render. Combine this masonry brush with a [tapered wood handle](#) and get you'll be ready to tackle the cleaning of any rough wall surface.

### Product Features
