

Venus Stiff Curved Magnetic Broom

The Venus Stiff Curved Broom is heavy-duty and comes with a 48" handle. Perfect for fine sweeping in residential, commercial, or industrial applications.

This sturdy and high performance curved broom features flagged fibre ends that trap dust rather than push it around. Thanks to a magnetic system, it quickly picks up lint, dust, small debris as well as the finest particles. The bristles are not affected by moisture, can be rinsed clean and dry quickly. This lightweight indoor broom comes with a 48" wood handle and is easy to manipulate.

Product Features

Bristles made of short, stiff synthetic fibres
