

8" Tank and Kettle Brush

The M2 8" Tank and Kettle Brush is ideal for cleaning tanks, vats and bins. The stiff bristles are safe for stainless equipment.

Featuring a polypropylene block and bristles that are angled and cut to create an oval-shaped head, this Tank and Kettle Brush is designed to clean cisterns, tanks, round containers and curved surfaces. Available in blue and white and should be used with a [60" Fiberglass Handle](#).

Product Features

- Polypropylene block
- Stiff Bristles
