
20" Utility Brush - White Tampico

This 20" utility brush features a tampico fibre fill and a hardwood handle. Natural tampico fibre has great water absorption and is resistance to heat.

Constructed with a thick hardwood block and stiff, no-scratch white tampico bristles, this 20" utility brush is versatile and durable. The long handle allows for better scrub control while the angled bristles are perfect to scrub corners and small areas. This utility brush is also available with [Palmyra Fibres](#) or [Union Fibres](#). Use it to tackle the toughest cleaning jobs in residential, commercial and institutional applications.

Product Features

- Thick hardwood block

- Stiff white tampico bristles
- Long handle for better scrub control
