

## Bi-Level Scrub Brush

Scrub decks, patios, warehouses and garage floors more effectively with this Bi-Level Scrub Brush.

Providing multiple cleaning angles for a variety of tasks, this stiff bristle Bi-Level Scrub Brush is designed for tough scrubbing. The dual-angle brush allows for high and low cleaning simultaneously. Can be used with a threaded handle like the [Hex Threaded Metal Handle](#). Can also be mounted on a bracket to create the [Boot and Shoe Brush](#).

### Product Features

- Yellow stiff fibre for more aggressive scrubbing
- Acme threaded flow-through water socket
- V-Block for high and low cleaning

- Compatible with threaded handles
- Sturdy and durable cleaning tool
