

40 Qt. Elephant Foot Mop Bucket - Grey

The Elephant Foot mop bucket is more stable than regular buckets due to its shape. Its large capacity is ideal for big surface cleaning.

The 40 qt. Elephant Foot mop bucket is an excellent choice for heavy duty cleaning in institutional and commercial buildings. The different colours available are ideal for use in the food service industry. Crafted in high grade polypropylene, the thick walled bucket features a pour spout that facilitates dumping. The non-marking casters make it easy to maneuver while the large capacity allows you to cover more surface. The elephant foot mop bucket is also compatible with any [down press](#), [side press](#) and [roller wringer](#).
