

## Brix Compact Collection System

Opt for this versatile yet compact collection system to keep large areas clean quickly and efficiently.

The Brix Compact Collection System is perfect to sweep and collect trash in commercial facilities like workshops, factories and garages. Mounted on four rubber wheels, it features a mop or broom support, eight doors with lock, several handles for tools, a safety sign holder, two 120 L bag support and two bases for bags. Lightweight and built to last, this cleaning cart is easy to push around and has a large capacity. Also available in the [Brix Compact Office System](#) and the [Brix Compact Pre-Soak System](#) format.
