

Telescopic Pole Holder & Base

The telescopic pole holder base accommodates up to 16 poles, allowing for an organized storage area or a great store display.

Designed with convenience and efficiency in mind, this versatile telescopic pole holder base optimizes space utilization, making it a perfect choice for both small storage areas and large workshops alike. It has ample capacity, with the ability to securely hold up to 16 [telescopic poles](#). Our holder base ensures that you have plenty of space to organize and store your poles in one centralized location. No more scattered poles cluttering up your workspace or storage area! Crafted from high-quality materials, this holder base guarantees exceptional durability and longevity. Despite its impressive capacity, the telescopic pole holder base remains lightweight and easily portable.
