

Clipper Dust Mop Handle - Aluminum

The Clipper dust mop handle made from aluminum is great for dusting around furniture or equipment.

The Clipper Dust Mop Handle in aluminum is made to be paired with the [Clipper dust mop frame](#). It measures 60" long for extended reach. The collar on the handle releases so the frame can either swivel 360 degrees and move around obstacles, or can be locked into a rigid position for long surfaces. Add a [G-STAT Looped Dust Mop](#) to the handle and frame and you're ready to tackle any dusting job.

Product Features

- 60" metal handle
- Non-threaded handle

- Collar releases for head swivel
- Compatible with the [Clipper dust mop frame](#)
