60" Blended Dust Mop - Blue

Hard-wearing blended dust mop for large areas and high-traffic floors.

This durable dust mop is designed for high-traffic buildings, helping to protect floors from damage caused by sand, grit, and dirt. Constructed from long blended yarn, it features a reinforced polyester backing for enhanced durability and heavy-duty performance.

Ideal for maintaining floor finishes and efficiently cleaning large areas, this mop provides both reliability and ease of use. It is compatible with all 5" Clipper and Snapper Dust Mop Frames, making it a versatile choice for professional floor care.

Product Features

- Long, hard-wearing blended yarn
- No fraying or tangling

- Strong polyester backing with reinforced stitching
- Helps reduce labour time and costs
- Ideal for large areas and high-traffic floors
