

Cotton Pro Dust Mop

The Cotton Pro Dust Mop is ideal for institutional and commercial building maintenance. The high grade cotton yarn works well on a variety of hard surfaces like wood, tile and linoleum.

Designed for institutional and commercial building maintenance, the Cotton-Pro Dust Mop is crafted from premium-grade cotton yarn to effectively keep high-traffic floors free of dust and debris. Its durable construction features a reinforced polyester backing with strong stitching, ensuring long-lasting performance.

This dust mop is washable for added convenience and is compatible with all 5" [Clipper](#) and [Snapper](#) Dust Mop Frames, making it a reliable choice for professional floor care.

Product Features

- Durable, high quality cotton yarn with cut ends

- Dense fill for greater dust retention
- Strong polyester backing with reinforced stitching
- Can be cleaned easily by shaking, brushing or vacuuming
- Ideal for large areas and high-traffic floors
