

## 24" Micro-PET Looped Dust Mop

Our MicroPET™ Dust Mop with looped ends is environmentally responsible and contributes to a positive company image, as well as a cleaner living and working space.

Eco-friendly and effective, our MicroPET™ Dust Mop with looped ends is made with a blend of microfiber and PET recycled plastic. The dense yarn provides the same excellent level of cleanliness as a regular dust mop while being environmentally responsible. Versatile and more durable than cotton, this mop is fully launderable and does not require any treatment. Easily wring this mop with a [down press wringer](#) or a [side press wringer](#).

### Micro-PET Dust Mop - Product Features

- Yarn made of microfiber and PET recycled plastic
- Sturdy polyester backing with reinforced stitching
- More durable than cotton
- Does not require any treatment
- Fully launderable
- Ideal for institutional, commercial and industrial building maintenance
