

60" MicroPet™ Dust Mop

Our MicroPet™ dust mop with cut ends is environmentally responsible and contributes to a positive company image, as well as a cleaner living and working space.

The MicroPet™ Cut-End Dust Mop combines eco-friendly materials with high-performance cleaning. Constructed from a blend of microfiber and recycled PET plastic, its dense yarn delivers the same superior dust capture as traditional mops while supporting environmentally responsible practices.

More durable than cotton, the MicroPet™ Dust Mop is fully launderable and requires no additional treatments, making it ideal for institutional, commercial, and industrial cleaning applications. It is compatible with both [Clipper](#) and [Snapper](#) Dust Mop Frames, providing a versatile and reliable solution for professional floor maintenance.
