

BreakAway STATIC-H™ Dust Mop

Opt for the BreakAway STATIC-H™ Dust Mop made of hard-wearing nylon fiber yarn to remove dirt and dust from surfaces. Can be used with or without chemical treatments. Very durable and efficient dust mop.

The BreakAway STATIC-H™ Dust Mop is constructed from durable nylon fiber yarn with cut ends, designed for high-performance dust removal. Its densely packed fibers provide superior coverage, attracting and retaining more fine dust particles than competing products, while electrostatic properties further enhance dust capture.

Engineered for commercial and institutional use, the mop's robust construction withstands heavy use and repeated laundering without fraying or linting. It features a convenient slip-on backing with reinforced stitching for secure attachment. The STATIC-H™ Dust Mop is compatible with the [BreakAway dust mop frame](#), delivering an efficient and reliable cleaning solution.

Product Features
