

Lambswool Duster with Telescopic Handle

Opt for the Lambswool Duster with Telescopic Handle to clean hard-to-reach areas without a ladder.

Made from natural lambswool, this versatile duster draws and holds dust instead of flicking it in the air. It safely and effectively cleans dust from flat and irregular surfaces to reduce the effects of allergens. The natural properties of the wool protect surfaces from scratching and streaking without the use of chemicals. Thanks to a telescopic handle, you can reach high areas like ceiling fans, cabinets, shelves, etc. A must-have tool for residential and commercial maintenance.

Product Features
