

## 30" Flexible Duster Frame

The 30" Flexible Duster Frame is a great tool for dusting. Its bendable frame makes easy work of dusting high areas such as ceiling fans, cabinets, ceiling corners, etc.

Our Flexible Duster Frame is just what you need to reach and clean the lowest or highest areas with ease. It features a stainless steel sword embedded in a heavy canvas for maximum care and longevity. The handle has an adjustable nut to create different angles while the sword can be bent into almost any shape making cleaning more efficient. Use it with a microfiber sleeve for optimal results.

### Product Features

- Stainless steel sword
- Adjustable nut at handle for different angles
- Hang-up cap for easy storage
- Duster sold separately
- Ideal fro residential, commercial and industrial use
