60" Aluminum Handle

60" Heavy Duty Aluminum handle with regular ACME Thread.

The 60" Heavy Duty Aluminum Handles is crafted for reliability. This handle's 1" diameter provides a secure grip and comfortable control. Its ACME thread ensures a tight connection with compatible attachments, preventing any slippage during demanding cleaning tasks. With an impressive length, reaching 60", this handle excels in cleaning large areas and accessing high surfaces without straining. From construction sites to commercial and industrial settings, it's the ideal companion. Invest in a durable and versatile handle that stands the test of time. Can be paired with multiple tools, like the 8" Stiff Scrub Brush with Poly Bristles, the Vehicle Brush with Soft Bristles or the Swivel Grout Brush.

Product Features

- ACME threaded
- 1" diameter
- Aluminum handle
- 60" length
