
Aluminum Telescopic Flat Mop Handle

Remove stubborn dirt in high or narrow areas with this practical Aluminum Telescopic Flat Mop Handle.

Lightweight and easy to manipulate, this telescopic handle is made of durable aluminum and easily adjusts for extended reach. It features an anti-slip grip and a cap with hanging hole. This non-threaded handle extends up to 70" and is the perfect tool for hard-to-reach areas. Can be used with the [Universal Flat Mop Frame](#) or the [Aluminum Velcro Flat Mop Frame](#).
