## Threaded Insert for Moss Squeegee

Use this practical insert to make your metal moss squeegees compatible with threaded handles.

This small insert converts moss squeegees from tapered handles to threaded handles. Lightweight and easy to install, it is only compatible with metal moss squeegees. A convenient tool to have in any maintenance department. This insert can be used to make the [Metal Moss Squeegee](#) or the [Heavy-Duty Metal Moss Squeegee](#) compatible with a [48" Threaded Metal Handle](#).

### Product Features

- Made of durable polypropylene
- Compatible only with moss metal squeegees
- Easy to install
- Ideal for commercial and industrial applications in kitchens and garages or on decks and patios
