

9" Tank Cleaning Brush - Green

The M2 9" Tank Cleaning Brush is ideal for cleaning tanks, vats and bins. The medium stiffness bristles are safe for stainless equipment.

Featuring a polypropylene block and medium bristles that are angled and cut to create an oval-shaped head, this Tank Cleaning Brush is designed to clean cisterns, tanks, round containers and curved surfaces. It attaches to any length European threaded handle. Available in blue, green, red, yellow and white, the brush can be used in a colour coded system to support food safety material handling, cleaning, and sanitation programs. To be used with a [54" Aluminum Food Processing Handle](#) or a [24" MonoBlock Short Plastic Handle](#).

Product Features

- Polypropylene block
- Medium angled bristles
- Oval-shaped design
- Attaches to European threaded handles
- Can be used in a colour coded system
- Ideal for commercial and industrial applications
