18" Heavy-Duty Metal Moss Squeegee

The Heavy-Duty Metal Moss Squeegee is perfect for professional use and janitorial services. Can be used to apply or remove chemical products to floors.

The Heavy-Duty Metal Moss Squeegee is equipped with a splash guard and a reinforced handle socket for long lasting use. The metal frame is made of rust resistant galvanized steel while the blade is made of premium Dura-flex rubber. It is also available in a red finish, with a chemical resistant blade. This squeegee has to be paired with the Tapered Wood Handle. It can also be combined to a Threaded to Tapered Insert to be able to use a Threaded Fiberglass Handle, or any other threaded handle.

Heavy-Duty Metal Moss Squeegee - Product Features

- Made of rust resistant metal and Dura-Flex rubber
- Also available in a chemical resistant option

- Works well on almost all surfaces
- Handle not included
- Perfect for professional use and to clean a large surface
