

60" Side Change Mop Handle - Metal

Opt for the Side Change Mop Handle for narrow band and wide band mops. Easy to use and lightweight, it is perfect for commercial and institutional building maintenance.

The Side Change Mop Handle is comfortable, lightweight and easy to use. Thanks to this practical handle, you can change mop heads in mere seconds; just use the thumb rolling mechanism to clamp the mop head into place. The heavy-duty fiberglass handle offers maximum strength. This mop handle can be used with all [narrow band wet mops](#).

Side Change Mop Handle - Product Features

- Lightweight and comfortable

- Easy thumb rolling mechanism
- Fiberglass handle for maximum strength
- Can accommodate narrow band and wide band mops
