

40" Litter Picker

Opt for our 40" Litter Picker for easy, touch-free collection of litter and debris in parking lots, stadiums, carnivals, front of buildings, sidewalks, parks, school yards and more.

Our Litter Picker features a lightweight steel construction that will not bend or rust and a water and tear-resistant 40" vinyl bag. The bag can hold more litter, trash, or debris than standard lobby dust pans. This tool helps you save time and can reduce strain and physical effort for the user.

Product Features

- Lightweight steel frame
- heavy-duty vinyl bag
- Large capacity and wide opening for excellent scooping capacity
- Can be used for indoor and outdoor applications
- Easy, touch-free trash collection
- Ideal for commercial and institutional use
