
MicroScrunge - Microfiber Scrubbing Pad

Wipe countertops and appliances without leaving a scratch with the MicroScrunge Scrubbing Pad. This versatile cleaning tool easily removes tough dirt and grime.

This versatile microfibre cleaning pad can be used for a variety of tasks including cleaning walls, floors, countertops and hard to reach areas. Chemical resistant and durable, it quickly removes cooked-on food, grease, and over 99% of bacteria without damaging surfaces using just water. Plus, the pad is machine washable for easy maintenance.
