

## M-Tech Microfiber Flat Mop

Optimal for damp and wet mopping applications, the M-Tech Microfiber Flat Mop removes dust, dirt, and microbes from your floors. Ideal for commercial and institutional building maintenance.

The M-Tech Microfiber Flat Mop Pad offers many advantages: it holds more water than traditional mops, removes dirt, dust and debris without chemicals and is easy to attach to a mop head thanks to a durable velcro backing. The pad is also machine washable and reusable. Ideal for commercial and institutional maintenance. Use the M-Tech Microfibre Flat Mop with the [Aluminum Velcro Flat Mop Frame](#) to easily clean surfaces.
