MicroPET™ Velcro Flat Mop - 10"

Keep your floors clean with eco-friendly products like the MicroPET™ Velcro Flat Mop. Non-abrasive and non-linting, it is the perfect choice for commercial and institutional applications.

The MicroPET™ Velcro Flat Mop is effective and environmentally responsible. Crafted in a blend of microfiber and PET recycled plastic, it features a durable velcro backing. The dense yarn delivers superior performance while the durable velcro backing is easy to attach to a mop heap. Use it in wet or dry applications. Ideal for institutional and commercial building maintenance. Can also be purchased as part of the Swipe-It MicroPET™ Flat Mop Kit.
