

MAC Food Service Loop-End Mop - 20 oz

The MAC Food Service Mop features is durable, absorbent, high-performance, and launderable; these qualities make it the perfect tool for any food service applications.

The MAC Food Service Mop features looped end yarn made of synthetic fibres that are chemical resistant and easy to keep clean. Thanks to a red hue, this mop can be used as part of a colour coded system to prevent cross contamination. Plus, it has an excellent absorption capacity and is launderable. Equally durable and efficient, it is ideal for heavy, repeated use. The colour assorted [STEP-N-GO Wet Mop Handle in Fiberglass](#) is a perfect match for the MAC Food Service Looped End Mop.

Product Features

- Made of synthetic yarn with looped ends
- Looped ends cover more surface and prevent mop from fraying and tangling
- Coloured yarn hides soiled mop
- Used in food service applications
