

Swinger™ Fantail Wet Mop

The Swinger™ Fantail Wet Mop is highly absorbent and ideal for applying floor cleaner, disinfectants and floor finishing products to large areas.

With its highly absorbent strands and sturdy construction, the Swinger™ Fantail Wet Mop can tackle any surface, including stone and concrete. Its unique rayon fibres prevent the growth of mold and mildew, making it an ideal choice for maintaining a hygienic environment. The four-row stitched tailband design ensures the yarn strands remain fanned out. This results in better coverage and fewer tangles. This labour-saving fan mop is perfect for applying cleaning solutions or finish to a wide range of floor types, providing a great cleaning experience.

We recommend pairing the Swinger™ Fantail Wet Mop with the [STEP-N-GO Wet Mop Handle](#) and the [32 Qt. Grizzly Down Press Combo](#).

Product Features

- Fantail design for better coverage
- Sewn tailband to prevent tangles
- Made with rayon fibres that prevent the growth of mould and mildew
- Very durable
- Available in 5 different sizes
- Economical and good absorbency
