

Glacier Nylon Floor Finish Mop

Best performing finish mop for buffing high-gloss surfaces with very little product waste.

The Glacier Nylon Floor Finish Mop is a high-quality product designed to achieve a professional, high-gloss floor finish. Made from monofilament nylon yarn, this mop is non-linting, ensuring a smooth and seamless finish. Its low retention minimizes waste and increases cost-effectiveness. The Glacier Nylon Floor Finish Mop is also easy to maneuver, reducing user fatigue. Additionally, this floor maintenance tool has the added benefit of absorbing roughly a third of its weight, which minimizes wastage when rinsed. You want to complete your cleaning and waxing job without getting your hands dirty? Pair this mop with the [STEP-N-GO Wet Mop Handle](#).
