

18" Food Service Push Broom

This versatile and heavy-duty push broom meets hygienic regulations and is ideal for use in commercial and institutional kitchens.

The M2 18" Food Service Push Broom features an easy-to-clean plastic block that resists bacteria and densely packed polypropylene bristles. It can be used with strong floor degreasers and for abrasive scrubbing. This heavy-duty broom is entirely washable to extend performance life and can be used in a colour-coded system to identify specific cleaning areas. Compatible with a [54" Aluminum Food Processing Handle](#). Also available as a larger [24" Food Service Push Broom](#).
