

24" Aluminum Tool Holder

This 24" Aluminum Tool Holder provides better tool storage and access. Easy to mount, it can be used in a shed, a garage, a workshop or a maintenance department.

Increase your efficiency and accessibility by organizing your tools with our 24" Tool Holder. Made of lightweight aluminum, it features an easy snap-in, snap-out design. The extra wide grippers lock in anywhere along the aluminum track and can hold your widest brooms, mops and shovels.

Product Features

- Lightweight aluminum construction
- Snap in, snap out design for quick access.
- Rubber grippers hold mops and brooms securely
- Holders slide easily along the track to adjust the spacing between tools
- Additional Clips can be added if required
- Ideal for residential and professional use
