

Double Roll Toilet Paper Dispenser

This cost-effective double roll toilet paper dispenser with pivot arms hinged on hardened steel rivets for extra durability features a heavy duty construction.

This double roll toilet paper dispenser is made of stainless steel with a polished chrome finish. Thanks to a front loading design including tension springs, it reduces paper consumption and prevents free-wheeling. Sturdy and cost-effective, this dispenser is compatible with all standard toilet paper rolls. Suitable for commercial and institutional applications. Also available in the [Single Toilet Paper Roll Dispenser](#).

Product Features

- Made of stainless steel with polished chrome finish
