

Universal Garbage Container Dolly

Avoid lifting and carrying heavy garbage bins by using this practical dolly. It provides easy transport and maneuvering thanks to sturdy wheels with swivel capabilities.

This Universal Garbage Container Dolly has an all-plastic, professional-grade construction that resists rust, chipping, and denting. It features a twist on design and five non-marking swivel casters that lock into the base. The dolly can withstand heavy loads and is easy to maneuver. Use it to carry waste bins to a larger container or to clean multiple sites quickly and effectively. Pair the dolly with a [44 Gal Garbage Container](#) with a [lid](#).
