
HD Wire Centre Toilet Bowl Brush

Use this durable toilet brush to scrub and clean tight spots in any toilet bowl without scratching.

Designed to deep clean toilet bowls, this wire centre brush with polypropylene bristles is ideal for scrubbing and removing stains. The easy-grip, sturdy plastic handle stays put in your hand, and will not spin for better stability. The brush does not retain odors and bacteria and is resistant to harsh chemical products. Use this to clean long wall mounted urinals and combine it with a [Wave Anti-Splash Urinal Screen](#) to keep your washrooms clean.
