

## 10" Vehicle Brush with Soft Bristles - Green

The versatile 10" Vehicle Brush can be used to clean cars, equipment, windows, and siding without damaging the finish.

Our 10" Vehicle Brush with Soft Bristles features green high density filament that holds water well to clean cars and other equipment thoroughly. The fill design minimizes the chance of scratching the surface being cleaned. Ideal for routine vehicle maintenance. Clean those hard to reach areas by pairing this brush with a [Metal Threaded Telescopic Handle](#).

### Vehicle Brush - Product Features

- Made with high density very fine green fibre fill for efficient cleaning

- Sturdy plastic block
- Solvent and chemical resistant
- Compatible with a threaded handle
- High-quality, versatile scrub brush
