

Large Industrial Utility Cart

This rugged industrial utility cart can be used in offices, stockrooms and warehouses.

This industrial grade utility cart is lightweight, quiet and easy to maneuver. The molded plastic shelves have a 120 lb capacity and won't crack or dent. The rounded edges prevent wall damage while the open structure provides easy access. Thanks to non-marking casters, you can move the cart around and work more efficiently. Tight for space? Try the [Small Industrial Utility Cart](#) with the same great construction features, but with a reduced size.
