

16Qt Double Bucket Utility Pail

Keep your rinse water and chemicals separate for a more effective clean with our 16Qt Double Bucket Utility Pail.

This rugged Double Bucket Utility Pail is made of high impact plastic and is easily portable for mobile cleaning applications. The bucket features a large metal handle, folded rim and a pour spout. Use it to separate cleaning solution on one side from dirty rinse water on the other side, making sponge mopping and scrubbing duties easier.

Product Features

- Made of high impact plastic

- Large metal handle
- Two compartments
- Pour spout
- Easy to clean and maintain
- Ideal for use in small commercial spaces and residences
