
Snapper Dust Mop Handle - Metal

Made of sturdy metal, the Snapper Dust Mop Handle is compatible with the Snapper Dust Mop frame and can swivel 360° for efficient dusting around obstacles.

The Snapper Dust Mop Handle is made of durable metal. All Snapper models are snap-on style mop frames. The handle can swivel 360 degrees or lock for corridor dusting. Attach it to the [snapper dust mop frame](#) and a [Blended Dust Mop](#), and you'll have created the perfect tool to reduce cleaning time and work more efficiently.
