
Snapper Dust Mop Handle - Wood

Made of hardwood, the Snapper Dust Mop Handle is compatible with the Snapper Dust Mop frame and can swivel 360° for efficient dusting around obstacles.

Crafted in sturdy hardwood, the Snapper Dust mop handle has a spring-loaded clip and a swivel joint to facilitate your cleaning tasks. The lightweight handle can make the frame swivel 360 degrees or lock into position for corridor dusting. Attach it to the [snapper dust mop frame](#) and a [Blended Dust Mop](#), and you'll have created the perfect tool to reduce cleaning time and work more efficiently.
