

Duo-Chamber Mop Bucket

Duo-chamber mop bucket separates soiled water from clean water, keeping floors sparkling clean.

The duo-chamber janitorial mop bucket is crafted in high grade polypropylene and features two compartments to separate clean water from dirty water. The drain valve facilitates the dumping process while the swivel casters allows for easy mobility. The large side handles are perfect for carrying and storing the bucket after use. Pair it with the [roller wringer](#) to create an efficient cleaning system.
