

## 16" MicroStrip Microfiber Flat Mop Pad - Velcro Style

The MicroStrip replacement pad is ideal for both wet and dry cleaning. Washable and designed to last, it is perfect for healthcare applications.

Opt for the MicroStrip mop pad to deep clean hard floors like marble, travertine, granite, porcelain. Made of hard-wearing microfiber yarn, it features micro abrasive strip that removes stubborn dirt and grease without scratching the floor finish. You can also disinfect surfaces by soaking the pad in water mixed with diluted detergent. Create an effective combo by pairing the MicroStrip Microfiber Flat Mop with the [Aluminum Velcro Flat Mop Frame](#) and the [Aluminum Telescopic Flat Mop Handle](#).

### Product Features

- Made of high quality microfiber yarn that penetrates deeper for a superior clean

- Easy to hook to a mop head thanks to the velcro system
- Machine washable up to a 100 times
- Eco-friendly, helps you deep clean without chemicals
- Ideal for healthcare facilities
