

2000g Large Hand Scoop

This Hand Scoop has a tough and durable design and can be used with food storage containers and ingredient bins.

This large hand Scoop features a seamless and durable polypropylene construction. The ergonomic handle allows for a firm grip and shields the user from the contents being scooped. Use it to efficiently scoop powders, dry grains, ice and bulk ingredients. The scoop is machine washable for easy maintenance. Complete your toolkit with a [46" Food Processing Paddle](#), a [One-Piece Shovel with 10" Blade](#) and a [2 L Round Bowl Scoop](#).
