36" Curved Heavy-Duty Metal Squeegee

Our Curved Heavy-Duty Metal Squeegee can move large amounts of liquid and is ideal for commercial, institutional and industrial building maintenance.

More efficient than conventional models, the Curved Heavy-Duty Metal Squeegee is designed for performance. The curved frame allows for better control when moving large amounts of liquid. A durable tool to direct water or cleaning products towards a drain. The curved Heavy-Duty floor squeegee has to be paired with the Tapered Wood Handle, which is sold separately. It can also be combined to a Threaded to Tapered Insert to be able to use a Threaded Metal Handle.

Product Features

- Made of rust resistant metal and Dura-Flex rubber
- The curved shape is more efficient on large surfaces

- Works well on almost all surfaces
- Handle not included
- Ideal for commercial and industrial use
