
10 Qt Utility Pail - Red

This red pail's heavy-duty wall construction includes a pour spout for safe and stable emptying process.

The round 10 quarts utility pail is molded in highly resistant and durable polypropylene. It has a steel bale handle with plastic grip for convenient transportation from one location to the other. Its bright and vibrant red colour makes it super visible to passersby to avoid accidental spillage. The integrated easy pouring spout facilitates the emptying process at the end of your cleaning job. Also comes in a slightly larger grey format, the [14 Qt Utility Pail](#).
