
Organic Waste Countertop Bin - 2 Gal / 8L

This compact and sturdy countertop organic waste bin provides a durable solution for food waste.

Made from high density polyethylene (HDPE) and featuring a long handle for easy transport, this organic waste bin is perfectly suitable for the house or small offices. The snap lid eliminates odours and the compact size allows you to store it on the countertop or under the sink. When full, just empty the content into the [13 Gal. Curbside Food Waste Container](#).

Product Features

- Made from high density polyethylene (HDPE)

- The removable parts make it easy to clean
- Compatible with compostable bags
- Wide opening for convenient, no-mess food disposal
- Dishwasher safe
