
13 Gal Curbside Food Waste Container

This sturdy bin is ideal for curbside collection of organic waste. You can also use it to store pet food or coarse salt during winter.

Made of high density polyethylene, this Curbside Food Waste Container is a durable solution for organic food waste. The wide contoured handle allows for easy transport and the slanted design prevents precipitation from accumulating on the lid. The convenient lock keeps unwanted odours in and pests out. Looking to store food waste in a smaller container? Try our [2 Gallon Organic Waste Countertop Bin](#).
