
22 Gal Curbside Recycling Container

This rugged curbside recycling bin is made of tough plastic that will not crack, chip or dent. Perfect to collect paper, cans and bottles for recycling.

This robust yet lightweight Curbside Recycling Container features a high-density polypropylene construction with easy-grip handles and rolled rims. Designed to withstand the elements, it can be used indoors or out. This recycling bin is a great choice for commercial, industrial, and residential recycling applications. Also available as a smaller [16 Gal Curbside Recycling Container](#). Looking for a recycling bin to keep in your office? Try the [5 Gallon Under Desk Recycling Bin](#).
