
Static-Attack Spring Clip Frame & Telescopic Aluminum Handle

Use the Static-Attack Frame and sheets along with the aluminum telescopic handle to clean commercial and institutional spaces without using chemicals.

This 24" Static-Attack Dusting Frame is compatible with our Static-Attack sheets. These sheets use an electrostatic charge to attract fine dust and particles. This frame works with our telescopic aluminum handle. Ideal in facilities where cross-contamination is a concern, One sheet per room is recommended.

Product Features

- Made of aluminum
- Telescopic handle
- Compatible with Static Attack sheets
- Ideal for environments where cross-contamination is important
- Ideal for hospitals, nursing homes, office buildings, classrooms and stores
