

Child Resistant Bottle Cap - 38/400

This child-proof cap is compatible with a range of bottles that may contain dangerous products like pills and that require an added layer of security.

Use this cap to protect kids from easily accessing harmful contents. This Child Resistant Bottle Cap features a 'push down and turn' design and fits glass or plastic containers. The cap is a great choice for storing and packaging pharmaceutical products, household cleaning agents, and other products that require extra security. Also available in a [smaller Child Resistant Bottle Cap](#), a [Heavy-Duty Bottle Cap](#), or as a [Large Bottle Cap](#).
